ALTERNATIVE RATE FILING PROCEDURE	)	
FOR SMALL UTILITIES	)	

O R D E R

On January 21, 1988, Overland Development, Inc. ("Overland"), filed its application seeking to increase its rates by \$2,564, a 12 percent increase over reported test period revenues of \$21,368 pursuant to the Alternative Rate Filing Procedure for Small Utilities.

On February 25, 1988, the Commission Staff ("Staff") conducted a field review of Overland's test period financial records. On April 14, 1988, Staff issued its report containing its recommendation for a \$7,906 increase over normalized revenues of \$16,152. On April 21, 1988, Overland filed a letter in which it stated its acceptance of Staff's findings and recommendations.

Neither Overland nor the Commission sought a hearing in this matter. There were no intervenors and all requested information has been filed.

After careful review and investigation of Staff's recommendations, the Commission is of the opinion that after Staff's proposals are implemented Overland will have adequate cash

flow to meet its obligations and provide for future equity growth. Therefore, the Commission affirms Staff's recommended increase of \$7,906.

3. Within 30 days of the date of this Order, Overland should file with this Commission its revised tariff sheets setting out the rates approved herein.
